

REWARD OFFER – GLENN BRITTNER

On August 18, 2015, Glen Brittner was a victim of a home invasion robbery/assault in his home at 26233 East Avenue W-8, Llano, California. His residence was ransacked and he was found with his hands and feet bound with zip ties, and bleeding from around the head. His injuries left him in a coma for 10 days before he passed away.

Victim Brittner lived alone at the location, a large multi-acre lot, which contained his residence and a very large shop/warehouse. He owned/operated a water supply company, "Domestic Water Delivery", from the shop/warehouse. Two television sets and several power tools were determined to have been stolen from the location. Additionally, his safe was found open and empty.

Although wheel-chair bound, victim Brittner was very active in running his business

Sheriff's homicide detectives have reached a point in their investigation where all known workable leads are exhausted. They believe that the issuance of a reward by the Board may help generate additional information and/or leads that would lead to solving this heinous murder.

I, THEREFORE, MOVE that the Board of Supervisors offer a reward in the amount of \$20,000 in exchange for information leading to arrest and/or conviction of the person(s) responsible for the heinous murder of Glen Brittner on August 18, 2015 in Llano.
